

RITZ & GLAM The two-tone white and yellow gold necklace is a bed of tiny florets articulated with round brilliant, marquise and pear-shaped white diamonds, and pear-shaped rose-cut champagne colour diamonds. The clasp of the necklace ends with a ruby dot. The floral white and yellow gold hoops covered with florets harmonise with the neckpiece.

HIGH ON LIFE The linear two-tone white and rose gold earrings are composed with asymmetrical geometric motifs set with white pear-cut diamonds, rose cuts and champagne colour round rose cuts.

The majestic cocktail ring mounted in 18-karat white gold is an epitome of vintage beauty. The stylised and structured floral ring is highlighted with pear-cut yellow diamonds juxtaposed with white round brilliant, pear- and baguette-cut diamonds.

An orderly pattern adorns the 18-karat yellow gold geometric broad cuff interjected with white round diamonds and yellow princess-cut diamonds.

A neat rendition of dotted patterns of yellow princess-cut diamonds and white round brilliant diamonds emerge in the dual-tone 18-karat white and yellow gold bangle.
