A*Star presents a clutch of lightweight designer collections, Everyday Bijoux, which is a perfect blend of traditional and contemporary styles. This is perfect for today's independent women, who are in control of their choices and believe in rewarding themselves, and are increasingly buying jewellery for self-gratification.

All this has given rise to a new category of mainstream diamond jewellery – everyday wearable designs that are fun, casual, and fashionable. A*Star Jewellery has specifically catered to this need with its new line – Everyday Bijoux, because it

believes that women should be able to treat themselves to a little luxury every day of the year.

Everyday Bijoux comprises five versatile collections namely Matrix Bijoux, Floral Expressions, Mosaic Delight, Chimera and Flight of Fancy. Crafted in 18-karat white, yellow and pink gold, the styling draws inspiration from geometric forms and fun motifs.

The striking jewellery makes for an ideal accessory for everyday work wear as well as casual attire. It allows the woman to feel beautiful and flaunt her individuality at affordable price points. ■
