A'Star Jewellery romances the simple and unpretentious baguette diamonds and unfolds their creative journey with its new collection at IIJS Signature 2019.

Commonly used as a side or accent stone, the versatility of the baguette diamond shines through as it plays a pivotal role in this inspired collection. As the designs transpose from simple asymmetrical and random formations to seamless illusion of fancy shapes to entrancing floral motifs and peacock silhouettes, you fall in love with this simple diamond cut.

Created in 18kt white, yellow and pink gold, the diamond studded rings, earrings and pendants offer a wide choice of styles and are a perfect fit for not only the wearer's wardrobe but also her pocket.
