A'Star Jewellery's "Tiara" collection honours and appreciates every woman for her resilience and grace as she enacts her multiple roles in her day to day life. The collection offers rings rendered in a wide variety of styles that emulate a regal crown. Crafted in 18k yellow gold and profusely studded with sparkling diamonds, the rings symbolise rewards for her selflessness and die-hard spirit. At last, a tiara that can be worn every day to make the woman feel loved and valued every moment of her life.
