 Diamond Ct: 0.5 cts

The latest jewellery line from A'Star Jewellery is inspired by the imagery of floral trellis. The beauty of climbing floral vines on elegant frames is expressed through the elegant silhouettes of our pendant sets. The design concept uses a wide array of geometric and organic shapes studded with diamonds to create glittering frames that are profusely decorated with brilliant floral and leaf motifs. Crafted in 9k-18k yellow gold, these charming sets are the perfect accessory to frame your beauty.
